"With the help of the ToolBank and their supporters, we've reduced the costs of our event rental from thousands of dollars to less than a few hundred. This enables us to be more cost-effective and for more of our donors' dollars to go towards programming and client needs."

IMPACT REPORT

"Maintaining operations was crucial and could not have been done without the ToolBank's help. We have used other tools as needed for events and projects which saved us money on rentals. These saved funds go right back into the community to the families and seniors we serve."
